*"Together, let's build a brighter and more equitable future for all"*

## **Health-related Activities:**

### **1. Medical Diagnostics Support:**

- To Provide financial assistance for crucial medical diagnostics tests, including angiography, MRI, MRCP, PET scan and CT scans & other diagnostics tests.
- To Ensure accessibility to expensive diagnostic procedures for individuals facing health challenges.

### **2. Health Camps:**

- To Organize health camps in diverse locations, including rural, urban, and tribal areas and Slum Area of Cities in collaboration with Sassoon Hospital, Dr. D Y Patil Medical College, Intrigrated Cancer Treatment & Resarch Center, Wagholi & other hospitals in Pune District & Rural, Tribal area of Maharashtra State.
- To Focus on preventive healthcare measures and early detection of diseases.

### **3. Disease Awareness Programs:**

- To Develop and implement awareness programs specifically targeting women's health, including breast cancer and cervical cancer.
- To Conduct educational sessions to disseminate information on early detection and prevention strategies.

### **4. Cancer Screening Camps :**

- a) **Oral Cancer Screening:** To Conduct regular screenings for oral cancer, especially in communities with a high prevalence of tobacco use. Early detection can significantly improve treatment outcomes.
- b) **Cervical Cancer Screening:** To offer Pap smear tests and HPV vaccinations to women & girls in urban, rural and Tribal areas, where access to regular healthcare services may be limited.
- c) **Breast Cancer Screening:** To provide mammography and clinical breast examinations to detect early signs of breast cancer particularly for women aged 40 and above.
- d) **Rural Outreach:** To focus on organizing these camps in rural and underserved areas where access to diagnostic facilities is often scarce. This outreach can help bridge the gap in healthcare accessibility.

### **5. Comprehensive Health Checks :**

To expands the camp's services to include screenings for other major health conditions like heart disease, diabetes, and hypertension, which are often linked with cancer.

### **6. Special Focus on Paediatric Patients:**

While adult screenings are common, these camps will also have facilities for detecting Paediatric cancers. Early diagnosis in children can be life-saving.

### **7. Supporting Cancer Patients:**

To connect diagnosed patients with support groups and resources for emotional and psychological support.

### **8. Financial Assistance in Hospitals:**

To provide financial counselling and support to cancer patients for treatment at charitable and government hospitals.

## **Health-related Activities:**

### **9. Free Treatment in Charitable & Private Hospitals :**

Partner with private hospitals to secure free or subsidized cancer treatments for underprivileged patients identified through the camps.

### **10. Awareness and Education:**

To conduct awareness sessions on cancer prevention, symptoms, and the importance of regular screenings, encouraging a culture of early detection.

### **11. Multi-disciplinary Support:**

To collaborate with oncologists, dieticians, and palliative care specialists to provide holistic care and guidance to the patients.

### **12. Pediatric Surgeries:**

To help the poor and needy Pediatric Patients who needs different Surgery (ASD/VSD & other critical surgeries) through different NGO's and CSR Donations.

# **Educational Activities:**

## **1. Scholarship Programs:**

- To Establish scholarship programs to support underprivileged students in pursuing their education.
- To Provide financial aid for tuition fees, books, another educational expenses.

## **2. Infrastructure Development:**

- To Contribute to the development of school infrastructure to create a conducive learning environment.
- To Focus on building classrooms, libraries, and other essential facilities.

## **3. Vocational Training Initiatives:**

- To Implement vocational training programs to enhance skill development among students.
- To Collaborate with local industries to provide practical training opportunities.

## **4. Educational Guidance Lectures:**

- To Organize proactive lectures for MPSC / UPSC & other competitive exam aspirants to guide them in their exam preparation.
- To Facilitate mentorship programs to provide personalized guidance.

## **5. Health and Hygiene Education:**

- To Conduct health lectures focussing on hygiene and menstrual hygiene, especially for girls.
- To Raise awareness about the importance of maintaining good health practices.

## **6. Career Guidance:**

- To Offer career guidance programs to help students make informed decisions about their future.
- To Connect students with industry professionals for insights into various career paths.

# **Social Activities:**

## **1. Sanitation and Clean Water Access:**

- To undertake projects to improve sanitation facilities in communities.
- To work towards ensuring access to clean water through the implementation of water purification systems.

## **2. Women Empowerment:**

- To develop and support programs that empower women economically and socially.
- To facilitate skill development workshops and entrepreneurship initiatives.

## **3. Community Development Projects:**

- To engage in community development projects that address specific needs identified in collaboration with local communities.
- To promote sustainability and inclusivity in all projects.

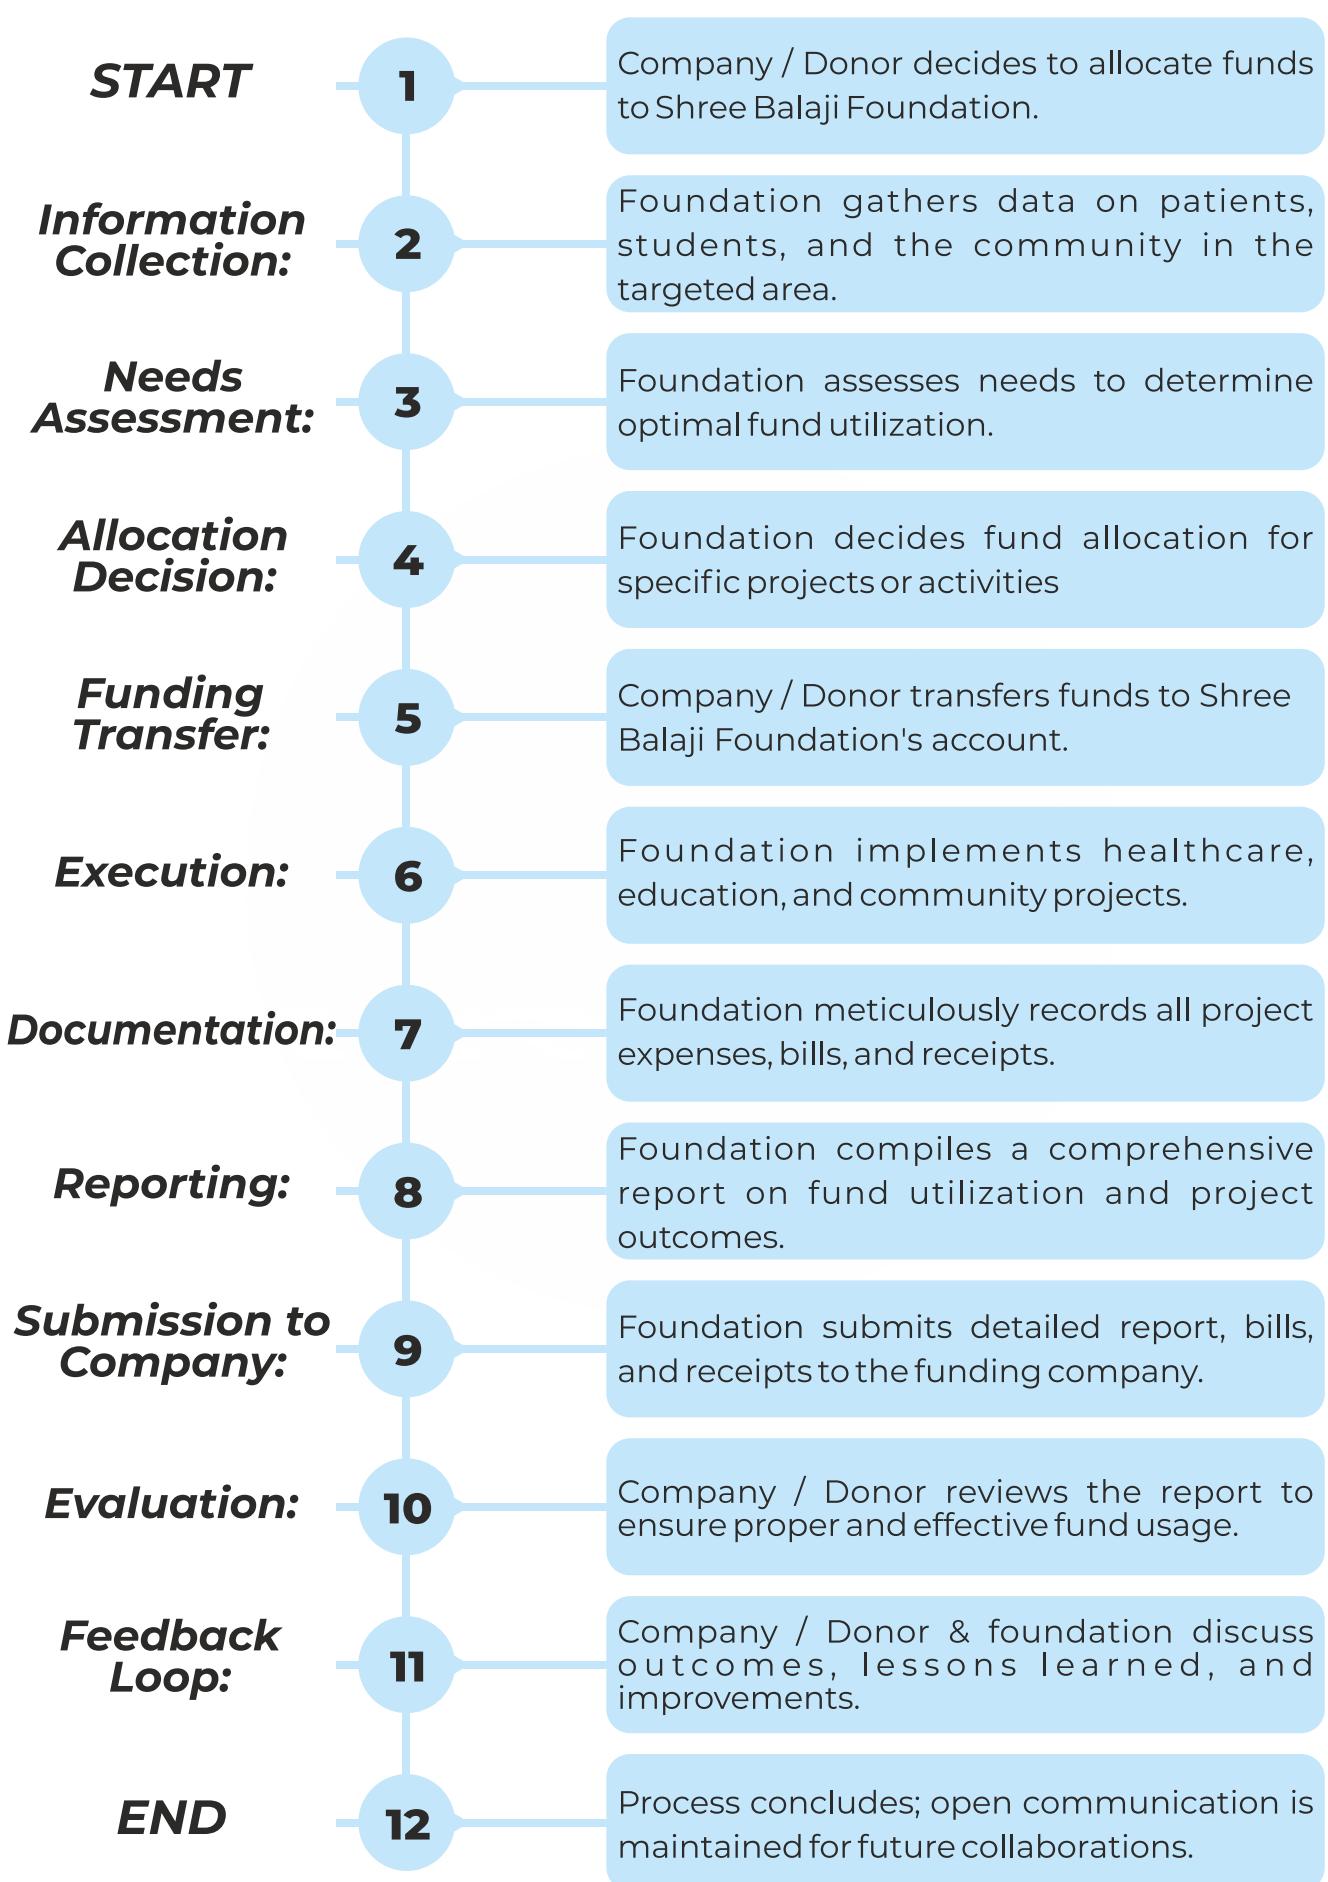

## **4. Sustainable Growth Initiatives:**

- To collaborate with local authorities and organizations to promote sustainable development practices.
- To advocate for environmentally friendly initiatives within the communities.

By executing these activities, Shree Balaji Foundation aims to make a meaningful impact on the Health / Medical, Education and Skill Development, Woman Empowerment, Community Development and Social Development and overall well-being of the communities it serves. The foundation is committed to creating positive and sustainable change in the lives of individuals and fostering holistic development in society.
